## *Message from the Director*

### *What Can the Chamber do for you?*

The Greater Houlton Chamber of Commerce is a unique organization. Many people think we are a town tax funded entity. Not true, but the town does give us a generous stipend. The Chamber relies heavily on membership dues and event profits. Many people think we are a marketing agency. Not true, although marketing services are provided through our social media page. Many think we are downtown event planners. Not true, this is not in our job description, but we do believe our community is enriched by having regular activities to enjoy. The Greater Houlton Chamber of Commerce is comprised of professionals who are customer service oriented. We exist to serve our business members, school districts, individual members, non-profit partners, and the residents and visitors of our 27 communities.

What is the point of joining the Chamber?

The Chamber provides daily:

- word-of-mouth referrals
- a social media presence with a broad reach
- networking connections and new partnerships
- help to all ages for a variety of things like finding a phone number for your grandad who is used to the yellow pages to high school students navigating their community service project
- mail packets to Mainers & out-of-state people interested in moving to or visiting our area including encouraging them to stay in our motels, shop locally and enjoy our restaurants
- resources to newcomers settling in and a sincere, warm welcome to the community
- an information hub working closely with municipal leaders, merchants, state agencies, small business development centers, and more so we can stay updated on the things that could benefit our communities
- event planning and implementing new activities, because the truth is, people want to enjoy living or visiting our communities and businesses as they are exciting, thriving and interesting

The Chamber is essential for the businesses and communities it serves. Supporting your Chamber means helping to build the quality of life in the communities where you live, work and play. A vibrant Chamber is GOOD for a vibrant Community and with your support we are making things happen.

According to the U.S. Census Bureau, “The County” has a total area of 6,828 square miles, of which 6,671 square miles is land and 156 square miles is water. Aroostook County is the largest county in Maine by area, about the size of Connecticut and Rhode Island combined. Southern Aroostook offers you a rural experience filled with history, wilderness, wildlife, and packed with events to enjoy throughout the year.

Houlton, also referred to as the “Shiretown” because it is the County Seat, and the hub of Southern Aroostook. The center of town is strategically located one mile from the Canadian border which allows us quick access to our Canadian friends and some major east coast cities. We often hear people say that Interstate 95 ends in Houlton but the people in Southern Aroostook like to say it begins here. Whether you are looking for a place to vacation or a place to settle in and call home you won’t find a more beautiful, welcoming community in the Northeast. A vibrant, growing place, Houlton has over 6000 residents. If you include the surrounding towns of Southern Aroostook the population is nearer to 15000.

Experiencing the four seasons in Southern Aroostook is both unique and wonderful. Enjoy warm summer evenings where you can wander around town and listen to band concerts in Monument Park, enjoy dinner at one of our fine restaurants or sit on the shores of one of the beautiful lakes and listen to the loons. Summers in The County are filled the scent of potato blossoms and fun filled, family centered events like Midnight Madness, Potato Feast Days, and Houlton International Fly-in / Cruise-in. Fall arrives with cool breezes, gorgeous foliage colors and the legendary potato harvest. Farmers and machinery can be seen in every field from dawn to late into some evenings, working to get the crop into the potato houses for distribution to the rest of the country.

Winter brings snow and some of the best snow sledding in the United States. Last year Aroostook County was rated as one of the top ten places to sled in the country. The snowmobile clubs do an outstanding job grooming over 2500 miles of trails, some of which you can ride all day long and never see another person.

Southern Aroostook is also known as a sportsman’s paradise. We have some of the finest year-round fishing where you will find smallmouth bass, brook

trout, salmon and togue. For the hunter, the woods and fields abound with black bear, ruffed grouse, partridge, white tailed deer and the majestic moose. There are guides to lead you to the best spots and sporting camps available to make your stay a memorable adventure.

Outdoor recreation is where Southern Aroostook really shines. Cycling has become increasingly popular with miles and miles of back roads and trails. The Maine Department of Transportation publishes one of the most complete Maine Bike Map Catalogues which can be found at The Houlton Visitor's Information Center for free! ATV riders can access a trail map that will lead them on some great adventures through the Northern Maine Woods, along old rail beds, and through magnificent wetlands. The wildlife and rare flowers are an added benefit to travelers.

The lakes of Southern Aroostook are numerous, many with public boat launching sites. Canoe trips during high water are an adventure but quiet paddling can also be enjoyed. Keep your eyes open for eagles, osprey, heron, beaver, ducks, deer and moose.

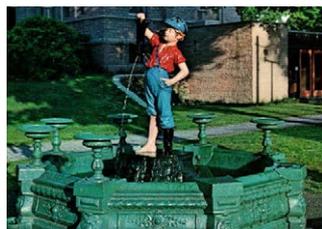

For those who enjoy cultural pursuits, the Southern Aroostook area is the perfect place to be. Artisans thrive in our area producing a wonderful array of music, crafts, and art works are often inspired by the beauty of nature. Native American artisans, actors, writers, storytellers and instrument makers are just a few of the arts represented here.

The architecture in Historic Downtown Houlton is a must-see as is the Houlton Historical and Art Museum on Main St. While you are here don't forget to visit the Greater Houlton Chamber of Commerce housed in the beautiful four columned, 1903 home known as The White Building (even though it is painted yellow!). The Southern Aroostook area is full of things to do, places to go and people to see and we encourage you to stop, see the sites and enjoy the hospitality of the area.

The Health Services Foundation's mission is to "Support Excellence Healthcare" by seeking and administering gifts to ensure the continuity and quality of healthcare throughout our region with financial support of equipment, programs, services, and educational needs of non-profit healthcare agencies throughout our region.

It is only through the generosity of our community members that we can and do meet the critical equipment needs of our local hospital and other healthcare agencies.

How can you help make a difference in the health and welfare of your neighbors, friends and loved ones? Join the Annual Rotary Auction and bid on a Boy and Leaking Boot; Play golf in the Annual County Open Golf Tournament or by a ticket to win a beautiful and gift laden Christmas tree during the Annual Festival of Trees Event. Thoughtful memorials, bequests and general donations are also a large part of the Foundation's endowment funds. A visit to the Hospital Auxiliary Gift Shop assists in the purchase of equipment too!

# Houlton Humane Society

The purposes of the Houlton Humane Society are to prevent cruelty and to encourage and educate humane treatment towards animals. The shelter strives to aid and comfort strayed, neglected, and abandoned companion animals. The shelter provides, without profit, care, treatment, food, and shelter to all the animals in the facility. Our commitment to these animals is to provide, protect and promise to keep them safe until their permanent home is found.
